

## **For me**

I'm in you, you in me  
You are mine, I am yours  
Whom have I in all the earth  
that could lead and help me through

You draw me closer up to you  
I can see my life belongs to you  
I belong to your son  
His presence is my comfort and my gain

Deep in my heart your bright light, it shines  
and when I look up into your face  
I can see:  
It is you who takes away all my darkness  
You are my God and you are for me
