

## **There is a king**

There is a king, highly exalted  
Who sits upon his throne  
There is a father up in heaven  
Calling me his son

There's a spirit that comes from God  
who knows me through and through  
There is a song rising up within me  
Singing only to you

Jesus

There is a hand upon my life  
Softly touching me  
There is a light deep in my soul  
leading me home to you

There is a call within my heart  
Yearning after you  
There is a deep desire  
Longing for you

Jesus

All that I need, I find in you  
All that I want is in you  
All I believe - I believe you  
All that I am, I'm because of you
