

Your great Love

Your great Love carries me
Your great Love holds me
Your great Love sets me free

Your great Love leads me
Your great Love´s what I feel
Your great Love makes me new

Your great Love fills
my heart with a new song
Your great Love will never end
and makes me strong
Your great Love is full of patience,
it is calm, without envy
Your great Love makes truth victorious

Your great Love sees our neighbours
it withholds from every fight
Your great Love is like a fire in the night
Your great Love, your great Love,
Your great Love will never end
